

Cheyenne Mustangs Baseball, founded in 2009, is for competitive baseball players interested in playing against top players and teams in the Rocky Mountain Region and around the country. Beginning with their 13 and 14 year old teams, the Mustang organization fosters an environment that gives players an opportunity to further develop skills, experience personal achievement in a team atmosphere, and to practice good sportsmanship and teamwork. The Mustangs program serves as a proving ground for players interested in elevating their game to the collegiate level. A member of the American Baseball Congress, the Mustangs play in the Colorado Connie Mack League giving the players a higher level of competition and larger exposure to collegiate programs. Opportunities for the Junior Varsity and Varsity teams include competitive league play, regional and national showcase tournaments, and coaches dedicated to helping players move to the collegiate level. Your generous support allows this program to provide the opportunity for youth in our community to play a game they love.
